# The Start of Something Great

We've been offering exciting programmes for Young Learners for a long time, ensuring that we deliver truly life-changing experiences across all our centres.

## Unique Locations

Whether you're looking to book at one of our prestigious independent boarding schools or one of our homestay programmes you can be sure that each location will offer Young Learners a unique experience.

## Academic Excellence

Our teaching approach is innovative and communicative, and we use material uniquely developed by a team of academics in collaboration with National Geographic Learning. All our teachers are highly qualified and experienced in teaching English as a foreign language (CELTA, Trinity TESOL or equivalent qualifications). Lessons are fun and interactive, with a high level of student involvement as each class has a maximum of only 15 students.

## Welfare

The safety and well-being of our Young Learners, especially during COVID-19 is our number one priority. We are dedicated to ensuring our students have a safe, happy and enjoyable stay.

## Nationality Mix

In 2019 we welcomed students from over 85 countries including Italy, Germany, Russia, France, Spain, Thailand, China and Brazil. When Young Learners study at BSC they receive a truly multicultural experience and make friends from all over the world.

## Skills for Life

Our programmes focus on more than just teaching English. Students will develop a range of skills which will help them through life. Greater confidence, communication skills and the ability to work as part of a team are just some of the benefits of choosing one of our outstanding Young Learner programmes.

# Student Welfare

Students' safety and comfort are our priority

For both residential and homestay students we place the highest priority on providing an exceptional standard of care and supervision to ensure the welfare and safety of our Young Learners. Our team are always present to ensure our students have a safe, happy and enjoyable time and each centre has a qualified first-aider on-site.

## Close Supervision

In accordance with British Council guidelines and our own welfare policies, all residential students are supervised at all times and students are not permitted to leave the centre without a member of our staff or group leader, and without prior permission. Those in homestay accommodation will travel by public transport and our team or the group leader will assist and accompany students where possible. After evening activities, students will travel in small groups in pre-ordered taxis back home.

## Buddy system

At our residential centres, each team member is directly responsible for the welfare and happiness of their buddy group. They check that group-led students and especially individual students are eating properly, looking after personal hygiene, keeping their rooms tidy, and also account for them at roll call and during fire alarms.

## COVID-19 and booking with BSC

We've introduced prevention and control measures across all of our Young Learner Centres.

### Trained team members

All centre managers are trained to minimum Safeguarding Level 2

24-hour emergency contact phone numbers at all centres

### Emergency Protocols:

Major Incident Safe Spaces in all central locations
