

Academics of the future

Lessons

CORE ENGLISH

English language lessons are designed to improve students' receptive and productive skills (reading, writing, speaking, listening), extend the scope and range of their vocabulary in both formal and informal contexts and deepen their understanding of grammar to improve spoken and written accuracy.

LEARNING & INNOVATION

These task-based lessons enable students to work collaboratively to research, discuss and create projects that reflect their knowledge, skills, and personality while developing strategies that are essential for success in the 21st century. The projects have been specially created to help develop the students' capabilities in each of the 4Cs that form the core of the 21st Century Learning curriculum: Collaboration, Communication, Creativity, and Critical Thinking.

FOCUS ACADEMIC

These lessons are designed to develop and expand knowledge and understanding of some key concepts and topics in one of five academic specialisms to help them prepare for future academic study. The specialisms available are:

- Business
- Humanities
- Maths
- Science
- Writing

EXAM COURSES

Cambridge Assessment offers a series of globally-recognised exams that accredit students' English level for study and work.

The following Cambridge exam preparation course are available:

- B1 Preliminary
- B2 First
- C1 Advanced

These courses offer dedicated preparation and intensive exam practice instead of Core English and Learning and Innovation.

Students sit the exam at an external testing centre at the end of their course.

MISSION:
INTEGRATION!

Sunday evenings offer organised ice-breaker activities that allow new and continuing students to meet each other and start to build new friendships.
