Guest Lectures & Debate Society

Each week, students will attend a Guest Lecture aimed at giving students an insight into Oxbridge life and the opportunities available to them after graduation. Debate Societies are an integral part of Oxbridge life. The debate sessions will give students the chance to explore and discuss a range of topics they are passionate about, outside of the subjects they are studying.

1:1 Supervisions

Students have one Oxbridge style 1:1 supervision with their subject tutors per week. These sessions are designed to give students the opportunity to discuss, in detail, their work and plans for further education.

University Preparation Masterclasses

These sessions help build essential skills for successful entrance to universities. Students will attend masterclasses focused on interview skills, the UCAS system, and personal statement writing to name a few.
