Living immersed in English culture is the best way to learn and improve your skills in English.

(My teacher) Diana is exceptional. She always found the best way to teach me new vocabulary and showed great interest in involving me in the true English lifestyle.

My experience was really useful for my learning of English and **I advise this to anyone who wants a full immersion course.**

Marta, Italy

“

I'm more confident in speaking English now. The opportunity to study with the teacher alone makes it possible to create the lessons based on the student's needs, so that studying is more intensive. That's why **you can make a good progress in a relatively short time.**
