WELCOME

It all began more than 48 years ago, in Spa, Belgium, where the founding couple of **CERAN**, Monique and René Bastin, had a vision to help people from different backgrounds and cultures communicate and understand each other better.

Today, **CERAN**'s mission is as relevant as ever and the **CERAN** group is carrying out this mission by offering a variety of language and intercultural training courses to both companies and individuals. You choose what suits your needs best: full-immersion, distance-learning or E-Learning.

In 2019, **CERAN** became part of the Chateauform' group, which is the European leader in hosting seminars and corporate events. **CERAN** immersion courses now benefit from the added warmth and quality of service of the Chateauform' teams and venues throughout Europe.

At the **CERAN** Academy, we put all our skills, energy and care into supporting **JUNIORS** (9 to 17 years old) and **YOUNG ADULTS** (18 to 25 years old) on their educational journey at our sites in Spa, St Roch Ferrières (Belgium) or Champéry (Switzerland) during the school holidays and remotely all year round.

You can count on the commitment and experience of the **CERAN Academy** to provide lasting progress through «Seriously Fun» language experiences.

JUNIORS PROGRAMME

From 9 to 17 years old

Thanks to our well-balanced programmes which combine teaching and leisure, the CERAN Academy offers **JUNIORS** from 9 to 17 years old language immersion courses in 2 different countries. From beginners to advanced, all levels are welcome to learn in groups of maximum 7 to 9 students following 28 45-minute lessons per week. The lessons and activities are organised by language level and age group.

- Pre-teens 9-12 y.o.
- Teens 13-15 y.o.
- Senior teens 16-17 y.o.

SERIOUSLY.

The **CERAN Academy** offers intensive courses for **JUNIORS** in 4 different languages: French, English, German and Dutch (please enquire about other languages for which we can offer individual programmes). Each student practices the target language throughout the day for a better assimilation of knowledge, including during organised leisure activities.

The courses allow young learners to gain confidence, improve their communication skills, activate their knowledge, overcome difficulties experienced at school or simply start learning a new language.

[INTENSIVE PROGRAMME]

CERAN Academy students all benefit from 28 45-minute group lessons per week (equivalent to 21 hours of classes), including speaking, reading and comprehension lessons in the morning, while the afternoon is dedicated to writing lessons and projects in which the language is put into practice. Vocabulary and grammar are taught through the practice of everyday situations such as introducing oneself, giving one's opinion on current affairs or the study of different themes which lead to multimedia presentations, exhibitions of paintings, photographs or videos.

INTENSIVE (2, 4, 6, 8 lessons)

It is possible to add extra individual lessons each day - 2, 4, 6 or 8 lessons more during the week - in order to work on a specific difficulty, a gap, to prepare for a school exam or international tests such as Cambridge, TOEFL, DALF, etc.

THE 4 PILLARS OF THE CERAN METHODOLOGY

Developed in 1975 and continually updated and improved, the CERAN methodology focuses on communication and enables young learners to express themselves in the target language with greater confidence.

THE CONCEPT OF IMMERSION

From morning to evening, students practice the target language with their classmates, teachers and supervisors, even outside the classroom during meals, activities and excursions. Non-stop practice!

VERBO TONAL

Every language has its own music, rhythm and intonation. This verbo-tonal method corrects students' phonetic errors, improves pronunciation and reduces the influence of their mother tongue to enable better communication.

QRI®

QUESTION, ANSWER, INTONATION

A technique of reinforcement and assimilation of the language based on mutual listening between the trainer and the learner and on repetition. Did you know that neuroscientific studies have shown that you have to repeat something at least 5 times in order to remember it?

KEY SENTENCES

They summarise each lesson and are recorded for students to practice and use in different contexts.

FUN.

Each student will be offered 19 sessions of recreational activities per week. On Wednesdays, Saturdays and Sundays, a full-day excursion or sports, cultural or multimedia activities will be scheduled in connection with the week's educational project.

[FUNDiscover] Belgium

Our campus in St Roch Ferrières has sports facilities, green spaces and rooms for art work. In addition, there are many parks and gyms offering students a choice of activities: swimming, badminton, basketball, handball, beach volleyball, football, tchoukball, tree climbing, archery, tennis, drama, drawing, painting, scrapbooking, escape game or even talent shows.

Public speaking, Young Leaders and digital media workshops will also be on the programme.

Of course, visits to the cities of Liège, Brussels, Bruges, Luxembourg, Cologne or Maastricht, will be on the agenda in order to discover interactive exhibitions, monuments, chocolate shops, shopping streets and other themed places!

[FUNAdventure] Switzerland

Perched amidst the breathtaking landscapes of Champery, our chalet's geographical location invites you to embark on a diverse array of mountain adventures. From tranquil hikes to the thrilling excitement of canyoning and tree climbing, the chance to explore a glacier at an altitude of 3000 meters, and the rush of downhill scooter rides, there's something for every nature enthusiast.

During the summer, you can dive into aquapark fun, try Xstream surfing, bounce high on Xstream trampolines, delve into wilderness survival skills with bushcraft workshops, tackle via ferrata routes, and join guided mountain trips that culminate in campfire gatherings beneath the starlit alpine sky.

LANGUAGE+ (Golf, Tennis, Horse-Riding)*

During the summer, it is possible to combine your stay with specific sporting activities. This is the perfect opportunity to practice tennis, golf or horse riding instead of the sports and leisure activities planned after the day. Benefit from the region's exceptional locations to take part in these sports in the target language.

The Transvaal equestrian centre welcomes you to its family friendly arena, where you can learn or improve your horse riding skills in complete safety and in an appropriate environment. Strolls, horse riding and animal care are all on offer.

For tennis enthusiasts, whether experienced or not, the Neupré tennis club and its 6 indoor courts will welcome Juniors to play singles or doubles.

Still located in the Belgian Ardennes, the Durbuy golf club offers a green and relaxing setting for practicing this sport. Designed by Fred Hawtree, this 18 hole course will give them the chance to challenge each other.

*The programmes are only available if sufficient registrations are submitted.
