WELCOME

It all began over 50 years ago, in Spa, Belgium, when the founding couple of **CERAN**, Monique and René Bastin, had a vision to help people from different backgrounds and cultures communicate and understand each other better.

Today, **CERAN's** mission is as relevant as ever, and the **CERAN** group continues to carry out this mission by offering a variety of language and intercultural training courses to both companies and individuals. You choose what suits your needs best: full-immersion, distance-learning, or e-learning.

In 2019, **CERAN** became part of the Chateauform' group, the European leader in hosting seminars and corporate events. **CERAN** immersion courses now benefit from the added warmth and quality of service from the Chateauform' teams and venues throughout Europe.

At the **CERAN** Academy, we put all our skills, energy, and care into supporting **JUNIORS** (9 to 17 years old) and **YOUNG ADULTS** (18 to 25 years old) on their educational journey at our sites in Spa and St Roch Ferrières (Belgium) during the school holidays and remotely all year round.

You can count on the commitment and experience of the **CERAN Academy** to provide lasting progress through «Seriously Fun» language experiences.

JUNIORS PROGRAMME

From 9 to 17 years old

Thanks to our well-balanced programmes which combine teaching and leisure, the **CERAN** Academy offers **JUNIORS** from 9 to 17 years old language immersion courses in Belgium. From beginners to advanced, all levels are welcome to learn in groups of maximum 7 to 9 students following 28 45-minute lessons per week. The lessons and activities are organised by language level and age group.

- Pre-teens 9-12 y.o.
- Teens 13-15 y.o.
- Senior teens 16-17 y.o.

SERIOUSLY.

The **CERAN Academy** offers intensive courses for **JUNIORS** in 4 different languages: French, English, German and Dutch (please enquire about other languages for which we can offer individual programmes). Each student practices the target language throughout the day for a better assimilation of knowledge, including during organised leisure activities.

The courses allow young learners to gain confidence, improve their communication skills, activate their knowledge, overcome difficulties experienced at school or simply start learning a new language.

[INTENSIVE PROGRAMME]

CERAN Academy students all benefit from 28 45-minute group lessons per week (equivalent to 21 hours of classes), including speaking, reading and comprehension lessons in the morning, while the afternoon is dedicated to writing lessons and projects in which the language is put into practice. Vocabulary and grammar are taught through the practice of everyday situations such as introducing oneself, giving one's opinion on current affairs or the study of different themes which lead to multimedia presentations, exhibitions of paintings, photographs or videos.

INTENSIVE (2, 4, 6, 8 lessons)

It is possible to add extra individual lessons each day - 2, 4, 6 or 8 lessons more during the week - in order to work on a specific difficulty, a gap, to prepare for a school exam or international tests such as Cambridge, TOEFL, DALF, etc.

THE 4 PILLARS OF THE CERAN METHODOLOGY

Developed in 1975 and continually updated and improved, the CERAN methodology focuses on communication and enables young learners to express themselves in the target language with greater confidence.

THE CONCEPT OF IMMERSION

From morning to evening, students practice the target language with their classmates, teachers and supervisors, even outside the classroom during meals, activities and excursions. Non-stop practice!

VERBO TONAL

Every language has its own music, rhythm and intonation. This verbo-tonal method corrects students' phonetic errors, improves pronunciation and reduces the influence of their mother tongue to enable better communication.

QRI®

QUESTION, ANSWER, INTONATION

A technique of reinforcement and assimilation of the language based on mutual listening between the trainer and the learner and on repetition. Did you know that neuroscientific studies have shown that you have to repeat something at least 5 times in order to remember it?

KEY SENTENCES

They summarise each lesson and are recorded for students to practice and use in different contexts.

FUN.

Each student will be offered **19 sessions of recreational activities per week**. On Wednesdays, Saturdays and Sundays, a full-day excursion or sports, cultural or multimedia activities will be scheduled in connection with the week's educational project.

INTENSIVE PRO (Golf, Tennis, Padel)*

During the summer, it is possible to combine your stay with specific sporting activities. This is the perfect opportunity to practice tennis, golf or horse riding instead of the sports and leisure activities planned after the day. Benefit from the region's exceptional locations to take part in these sports in the target language. Take advantage of the region's exceptional locations to enjoy these sports in the target language.

For racket enthusiasts, whether beginners or experienced players, the Neupré Tennis Club and its six indoor courts will welcome Juniors for singles or doubles matches. This year, our tennis program will allow participants to combine tennis and padel, giving Juniors the chance to practice both sports in a fully immersive environment that promotes personal growth, teamwork, and cultural exchange.

Still located in the Belgian Ardennes, the Durbuy golf club offers a green and relaxing setting for practicing this sport. Designed by Fred Hawtree, this 18 hole course will give them the chance to challenge each other.

*The programmes are only available if sufficient registrations are submitted.
