Educational Philosophy and Methodology

Our mission is to help you succeed in a global community. This means we work with you to improve your ability to communicate. We help you to develop the language, the confidence and the skills to interact with other English speakers across all backgrounds and all levels.

WE DO THIS BY:

Putting you at the centre of your learning

- Our visible learning process, based on clear goals and success criteria, allows you to focus on your needs
- Our assessments and feedback help you understand where you are and what you need to do to progress

Helping you develop skills that aid good learning and understanding

- Discussions about learning help you develop good learning habits; a life-long benefit
- The exploration of culture and global issues develops the knowledge and skills you need to succeed in an international situation

And to ensure your learning is as effective as possible, we:

- Continuously innovate in the classroom and in assessment; informed by internal and external research
- Exploit and develop the latest educational technology, ensuring it positively impacts your learning experience
- Assess the success of our programmes through robust processes of classroom research and analysing your feedback

OUR METHODOLOGY

The Communicative Approach describes a variety of methodologies which focus on developing students' communication skills. Most language schools use this approach. At EC we have taken this one step further and added a twist.

We put our students at the centre of their learning. Our process is visible and engaging. Clear goals and success criteria combined with classroom discussion about language and about learning involve our students in the learning process and ensure their goals are achieved. Our students learn English and learn how to learn – a benefit for life.

This is an overarching methodology which is used in all our schools and all our teachers are trained to deliver this to the highest standards.

Our Classes

In addition to scheduled classes, EC offers: one to one, online and VR classes which can add to your learning journey. Our methodology and curriculum are the same across our 22 schools and so it’s really up to you which location or platform you choose.

Clear real-world objectives are set at the beginning of a lesson. Throughout the lesson, you will learn the language and skills necessary to achieve this objective. You will be given the opportunity to practise with your classmates, and consider how to apply what you’ve learnt to your real life.

These **sample schedules** show you a typical week at school; most evenings there is also a social activity which is designed to help you meet people and practise your new skills in different scenarios.

Instagram diary of a student's week

Monday 15.15

My first day at the school, I was a bit shy but then when I arrived there, I had a surprise. Everyone was lovely and very sweet.

We had an orientation talk to welcome us to the school and city.

Tuesday 17.15

I'm in love with EC Malta.

Malta is a very nice Island, easy to walk and we can swim everywhere. I'm already feeling comfortable and safe. The people who work there, teachers and staff are very friendly and helped me a lot.

Wednesday 18.18

This morning I had Pronunciation Clinic, it's a lesson to help how to sound more fluent and natural. I loved it. I went to a restaurant with my classmates, we had lunch by the sea. Beautiful. The people are great and very happy.

Thursday 16.27

My classes were in the morning today, but sometimes I had in the morning and in the afternoon. I had the afternoon free to explore the other Island close to Malta, the name Comino. We got a boat, and it took 2h to get there. Comino is stunning, me and my classmates enjoyed a lot and we practice our English.

Friday 20.45

I went to another free lesson this morning, Grammar Q&A and then to my class in the afternoon. The best thing to do is be 24 hours in the language and at EC is like that. I loved it. I already feel myself understanding more.

I saw some students very happy during graduation from their course today. I am looking forward to be the same.

Orange Carpet Experience

MyEC is where you take your placement test and complete a pre-arrival survey. You can also start learning English before you leave home, with a wealth of online learning materials available exclusively on the platform. There are resources with language activities perfect for targeting your reading, writing, speaking and listening skills. It is the place to go to organise meetings with your teachers and organise your social life.

Pre Arrival

Access MyEC from your own home. Gain access to information about your EC school and location. Take your placement test, access our library of self-study activities, or attend free online classes before you even arrive.

Chat to other EC students and staff and find out what's going on outside the classroom too, so you can plan ahead.

Arrival

We'll make sure you'll know what to expect from the moment you arrive in the country of your EC school. You will have instructions of how to arrive at your accommodation.

You will be welcomed at your new home and given information on the locality and have time to settle in.

Every Sunday all new students can get to know their classmates before classes begin.

Your learning

On Monday you will attend your first day and we will monitor your progress and provide ongoing feedback.

Every student's learning journey is a personalised one, tailored to ensure you have all the tools you need to focus on your language outcomes.

You can follow your progress and see assignments and reports on MyEC.

Before you leave

We appreciate that every student's needs and expectations are different, so everything we do for you will be for you, with your personal needs taken into consideration.

We will check in with you regularly and are always readily available to support any of your needs. We acknowledge that sometimes things don't go according to plan, but we're committed to turning things around quickly.

When you leave

We believe that language learning is a lifetime experience, and we want to be by your side as you continue your journey. In your last week we will celebrate your progress and give you lots of opportunities to say your goodbyes. We'll give you tips to overcome the 'forgetting curve' and make sure you can continue learning and stay in touch. We encourage you to join the EC Alumni groups on LinkedIn and Facebook.

Find Your Home

Wherever you lay your head is home; where will you call home when you study with EC? We provide a range of hand-picked options to suit your individual tastes and budget.

The independent among you will love our residences, houses, apartments and aparthotels. Each one ranges from a standard accommodation to those offering added amenities, which could be an on-site gym, home cinema or a swimming pool, with a lot more besides.

Alternatively, to truly experience the local lifestyle, why not stay with a host and join their way of life. Being a part of the day-to-day routine in a homestay can be a great way to forge lasting relationships and witness the local culture first-hand.

Most importantly, wherever you choose, you'll make great friends and have plenty of opportunities to practise English together as you create a little corner of the world to call your own. Your home away from home.

YOUR HOME – YOUR CHOICE

Your options vary from destination to destination but your home away from home is waiting for you. Details of accommodation types available in each city can be found on the destination pages.

Choose Your Course

Whatever your goals are, whatever your age, whatever your life ambitions, the right course is waiting for you at EC. We want you to explore and make new friends, while achieving your language goals; whether it is to attend the university of your dreams, to pass an exam you need, to travel the world or to climb the career ladder. We want you to find your place in place in the world and find your voice.

HOW DOES IT WORK?

- BEFORE CLASS**
15 mins
The teacher will set up a Pre-Lesson Task with relevant questions for students to prepare for the class. This can be anything from reading from the coursebook, to watching a relevant video. Students are able to come to class prepared to fully participate and get their best from the lesson.
- DURING THE LESSON**
90 mins
Small groups of 8-10 students from around the world collaborate via video call with their teacher. They outline objectives and goals and build on the Pre-Lesson Task, learning and practising the language and skills needed to be successful in your lesson objective. Then they set up the post class collaborative activity as well as the pre-class task for the following day.
- AFTER CLASS**
30 mins
Students are asked to work on a writing or speaking Post-Lesson Task, which they upload on Teams. Each task has clear success criteria to help students self-evaluate, set their own goals and see their progress. They discuss virtually with their group, and the teacher monitors the chat.

EC Live Testimonials

Best teacher ever :) The class was a small one, lovely classmates from all over the world and a good mix between grammar-vocabulary and speech sessions.

Alice Daniela Caneva - Switzerland

I really liked EC Live, I found that the teachers listened to us and really helped us. The atmosphere during the classes was great. I think I have progressed, and I recommend EC English!

Rayan - France

The teachers are fantastic and the courses are never boring. Also, I find all the topics that we learnt very interesting, even for one about politics. I wasn't really into it but at the end, it turned out well.

Anjaniaina Andriamanantena - Gabon

I can't find the best words to describe my experience, I actually enjoyed it too much, I'm not only talking about the class itself but I'm also talking about our beloved teacher. I actually lost my words, but all I can say is thank you.

Ghassan - Lebanon

I enjoyed my time with EC because I gained confidence to speak English with others and communicated with other country's people. I learned not only vocabulary in different fields and grammar but also conversational skills in the lesson so I could develop my English skills. I also talked with classmates who live in other places. I'm glad to have the experience of taking this online lesson.

Student Insurance

We have created special insurance policies with trusted insurance providers to ensure you feel protected and secure when you travel and study with us.

These special policies have been designed to suit the specific needs of our students who travel abroad to study on our adult courses and provide very good levels of cover for all destinations.

Enrolment is extremely easy and can be done at the same time as booking your course through EC. You will receive your policy information prior to beginning your course, and all detailed information will be sent to you in case of requirement for visa applications.

For information regarding levels of coverage, please speak to your EC representative, or visit www.ecenglish.com

Depending on your choice of destination certain requirements for insurance coverage are required by law, even if you choose not to take EC's insurance option, in most cases you must organise private health insurance in order to get a visa and to study in your chosen destination.
