

Mobile Phone Policy

Access to your mobile phones is limited.
Put your phone away to show respect and
connect for real.

The Exsportise mobile phone policy is built on a partnership between students and staff, allowing everyone to have a great time on camp while genuinely connecting. By reducing screen time, we encourage students to fully engage in activities, build friendships, and make the most of the Exsportise experience.

	Phone Use

  Students mobile phones are locked in a lockable phone pouch, which will be kept by the students.

  Students mobile phones are locked in a lockable phone pouch. At some venues, where phone lockers are available, phones will be collected by staff and stored safely for the night.

 Students are allowed to use phones to contact Exsportise staff in case of an emergency.

Students can contact home when not in lessons or sport by asking a member of staff to unlock their phone pouch. Alternatively, students can use an Exsportise office phone.

What is Phubbing?
Phone (noun) + To snub (verb) = To phub (verb)
