Unlike our other Young Learner English programmes, this course has English lessons in both the morning and in the afternoon: 21 hours of English tuition per week by a qualified English teacher. It is an intensive course across English reading, writing, listening and speaking skills.

It is not all hard work though – English Plus classes are lively, interactive and fun. Students are encouraged to speak English at all times, and benefit from using the language with others their own age in different social situations.

Students will have 15 hours of general English lessons with the rest of the school then six additional hours focused on improving their spoken English with an exam at the end of their course.

Students also participate in sports, arts and crafts, and other activities. Aimed at practising English through fun and teamwork, the English Plus programme proves that it is possible to work hard and still have fun!

Study trips are also a big part of the course, with one full-day and one half-day trip included every week. Students will be split into project management groups of up to five and will work together through seminars and business challenges aimed at simulating an MBA course.

Example topics include: marketing, strategic thinking, qualities of an entrepreneur, public speaking, digital strategy, and business coaching.

Just like a real MBA the course is designed to introduce topics such as strategic thinking and decision making, as well as introducing them to basic skills in business.

The course ends with presentations of the projects and an awards ceremony.

There are two full-day trips and one half-day trip as part of the course, including a walking tour of Oxford, London with a walking tour and company visit, and Cambridge with entry to King's College, a walking tour and punting on the River Cam.

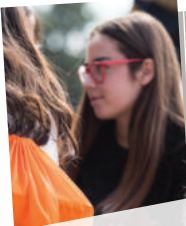

Company visit

The Young MBA programme includes a visit to a London based company during the full day excursion. The visit will include a guided tour of their offices and a talk outlining their operations and strategies, as well as core business functions and marketing campaigns. Students will get a behind-the-scenes look at a leading company.

THE BRITISH COUNCIL

Care of students and safeguarding under 18s are both areas of strength in our British Council inspection.

“There is a genuine commitment to student welfare across the organisation, including a detailed welfare manual, welfare managers at each centre and an explicit student welfare role for house supervisors.”

YOUNG LEARNER ON-SITE

SENIOR MANAGERS

All our young learner schools have four on-site senior managers:

- › Centre Manager, who oversees all aspects of the school
- › Director of Studies, who is responsible for the quality of the programmes and teacher development
- › Student Welfare Manager, who ensures the students are having a great time
- › Activity Manager, who runs the learning and social trips and activities.

All senior staff have student welfare training every year, in addition to professional development.

TEACHERS, ACTIVITY LEADERS AND SUPPORT STAFF

All teachers have English language qualifications relevant to the courses they are teaching. The whole teaching team has a range of experience, knowledge and skills matched to the courses and the needs of the students.

The academic managers ensure day-to-day guidance and support for all teachers and they observe and monitor teachers' performance.

All our young learner staff have DBS checks and at least two references before they can work at our schools. We ensure a high number of our staff on site have first aid training.
