We expertly combine our lessons in small, caring classes with cultural and leisure activities.

Sg

Summer getaway 16-19

Sd

Day programme 13-15 / 16-19

Special programme for students who don't need accommodation. We offer the option of joining the Spanish courses and activities from Monday to Friday.

This option is available for both Summer camp and Summer getaway.

We put great effort into opening the minds of our teenagers through total cultural immersion. Students walk away with new skills, new appreciation for world cultures, new friends from across the world and new insights into what they can achieve. Our students will practise Spanish or English, experience an exciting new culture, make international friends, and have an unforgettable time with us.

We divide the teenagers into two different programmes depending on their ages, so that we can focus better on their interests and needs.

The school

Our beautiful school is located in the heart of Valencia's old town, in a Gothic palace, surrounded by history and culture.

This historical building has been transformed into a 21st-century language school, blending its historic charm with modern facilities.. Built on the site of the 11th-century Arab city walls, parts of these ancient walls still cross through the building and even into some classrooms, creating a unique atmosphere of history and mystery.

The school has 2,100 square metres with 28 classrooms equipped with interactive whiteboards, comfortable student areas, a sunny patio with orange trees, and a rooftop garden to enjoy the beautiful Valencian weather all year round.

The Españolé Teen Summer Programmes take place in a dedicated wing of the school, ensuring that all teens are together and can socialise during breaks in a young, international atmosphere. Conveniently located in the city centre, the school is within easy reach of both the accommodations and the activities.

Spanish or English courses

From 2026, students can also choose whether they prefer Spanish or English lessons. This means that within the same group there can be teenagers studying different languages: some focusing on Spanish and others on English. This flexibility makes it easier to organise groups, since students do not need to be homogeneous, not in age, not in the language they study, and not even in their language level.

During the course, students focus on real communication, learning how the language is used in everyday situations, whether in class, on the street, or while socialising. They gain practical skills they can immediately put into practice outside the classroom.

Regardless of these differences, all participants share the same afternoon and evening activities within their corresponding age group, creating a truly international and multicultural atmosphere where every student has the chance to practise languages, discover new cultures, and make friends from around the world.

* Students from both Summer camp and Summer getaway programmes might share some lessons of the same language.

New for 2026: English classes
Students can choose Spanish or English lessons while immersing themselves in Spanish culture and daily life in Spain

Levels

The courses are divided up into 6 different levels: from beginner to advanced based on the Cervantes Institute programme under the directives of the Common European Framework of Reference for Languages.

No matter what your level of Spanish, we will always find a class that is perfect for you.

Your language classes

All classes are given in Spanish or English. In general the number of students per class is between 6 and 12 and each lesson lasts for 50 minutes.

There are four Spanish or English lessons every day, they can be in the morning or following a zig zag schedule (some days in the morning with activities taking place in the afternoon and some days activities taking place in the morning and lessons in the afternoon).

Since the groups are small in number, the teacher is able to deal with the specific needs of each student on a more personal basis. The classes are based on tasks and planned depending on the students' needs and styles of learning.

Students will use a textbook in class, together with supplemental material such as newspaper/press articles, adverts, audio-visual materials, etc. Our lessons focus on communication skills, although grammar and vocabulary are also important.

Our teachers

We have a dynamic team of teachers who love teaching languages. They're all university graduates and have many years of experience specialising in teaching international students. They use modern materials and methods to ensure that lessons are interesting and entertaining.

Accommodation

We offer our teens the choice to be totally integrated into the Valencian life by staying with a host family or share their experience with other international young students by living in a student residence.

Host family

Our host families are carefully chosen to provide the utmost comfort and care for our teenagers. Most of our host families have been with us for years taking in our students all year round.

Students are accommodated in double rooms including full board, and we place them together with another teen of a different mother tongue.

Lunch can be packed or hot. Students can choose whether they would like to go home for lunch or take it packed to school.

Weekly laundry and cleaning are included.

The average journey to school for our students is 25 minutes (walking or by public transport, depending on their location).

Your arrival

Arrivals are normally on Sundays and departures on Saturdays (extra nights might be possible at extra cost).

We can pick up the students at the airport and take them to the host family or residence with an extra cost. Also on departure students can be picked up at their accommodation and driven to the departure terminal of the airport.

If they book our transfer service, they will be helped to do the check-in and will be accompanied up to the security control before the boarding area.

Students who have booked the UM service with the airline (unaccompanied minor service) will also have to book the service with the school (extra cost for departure) as the airline requires the person in charge to escort the student until boarding the plane.

Supervision and security

Every outing is supervised by our school staff who watch out for the wellbeing and safety of our students. Specialist activities such as sailing, paragliding, etc, are always supervised by professional instructors.

Students are expected to attend lessons and activities as scheduled, and have to respect the programme curfew that is established depending on age.

Curfews

For 13-15 y.o.

Sunday to Thursday: Students have to be back for dinner, and are not allowed to go out later. Dinner is normally between 21:00 and 21:30.

Friday and Saturday: Return to their accommodation by 23:00.

For 16-19 y.o.

Sunday to Thursday: Return to their accommodation by 00:00.

Friday and Saturday: Return to their accommodation by 01:00.

The first day

On Monday morning host families accompany the teens to school and show them the way back home, either walking or by public transport.

Students living in residence will be accompanied on Monday morning by our school staff.

Students will then take a level test so that they can be placed in the class of the corresponding level.

After the test, they will attend a Welcome meeting where they will receive useful information and get to know other new students and the staff of the school.

Once the tests have been reviewed, every student is placed in a group and the classes can begin.

Complete beginners of Spanish don't have to take the level test but will participate in the Welcome meeting.

** It's possible to book the "extra supervision service" if parents want the host family or our staff to accompany the children every day to school and pick them up in the evening after the activities.
