JUNIOR PROGRAMMES 2023

A company leading the way for 45 years

Over the past 45 years, MLA has emerged as an industry leader and a force for good.

We take actions that inspire pride among our students, families, group leaders, agents, and employees – from historic investments in creating industry-first technology to training more activity leaders and EFL teachers, and from producing student- and agent-friendly terms and conditions to upgrading our programmes with new centres, activities, and excursions.

These changes serve not only as to build on our recent actions, but also to reinforce MLA's commitment to conducting business in the future.

ACCREDITATION AND MEMBERSHIPS

Our priority and focus are to offer our customers top quality service certified by the Accreditations and Memberships we hold

- MLA is proud to hold a **British Council** multicentre accreditation for our UK centres. We provide exceptional student care and, with dedicated student welfare staff at every centre, we ensure that all students are looked after, safe and happy.
- MLA is a member of **English UK**, a group who are dedicated to ensuring excellence in all aspects of courses, especially in the welfare of younger students.
- MLA is a registered exam centre school of **Trinity College London**.
- MLA is member of **The Italian Chamber of Commerce and Industry for the United Kingdom** (Membership n. 6256)
- MLA is accredited by **Accreditation International** in the USA
- MLA is also accredited by **NCPSA (National Council for Private School Accreditation)** in the USA
- MLA is part of **ALTO** (The Association of Language Travel Organizations)

COMPANY SAFETY CULTURE

Safety isn't just our top priority, it's in our corporate DNA. Every decision we make is influenced by the health, safety, and welfare of our students.

Welfare and safeguarding

Everyone at MLA is committed to the welfare and safeguarding of children and young students. All students will feel safe within all aspects of the programme. Our primary concern is always the interests and safety of each student. MLA takes all reasonable steps to protect children from harm, discrimination, or degrading treatment and to uphold their rights by creating and maintaining a safe and suitable environment. All our staff are subjected to official background checks, including Enhanced DBS (Disclosure and Barring Service), police checks and references to confirm their suitability to work with children.

Our special 'MLA care team' Welfare Team

- **Medical Doctor:** an international MD or medic on site to offer private medical assessments and recommendations for treatment. This person liaises with local hospitals and other emergency services
- **Welfare Manager:** specifically responsible for the care of each student, including dietary requirements and preferences
- **Night Guardian:** a responsible member of the staff is always available day or night on our 24/7 emergency contact number

Operations Team

- **Centre Director:** at many centres serves as the Designated Safeguarding Lead (DSL)
- **Activity Manager**
- **Centre Administrator**
- **Activity Leaders**

Academic Team

- **Director of Studies**
- **Senior EFL Teachers**
- **EFL Teachers**

USING TECH4GOOD

We continue to lead the way with the introduction of MyMLA, a radio-frequency identification (RFID) wristband issued to all students to simplify the summer school experience.

On arrival students check in using the MyMLA software to confirm their registration and link their MyMLA wristband to their student profile. A warning is seen by staff if a student has a medical condition or allergy. For the duration of the programme students will check in with the MLA staff for meals, health screenings, activities, and excursions.

At mealtimes, students tap their wristband on an MLA mobile device using near-field communication (NFC) technology. A pop-up is seen by staff for any dietary restrictions or food allergies in order to immediately notify the kitchen and assist the student with their meal.

For Activities, students are able to use the MyMLA system to register for on-campus activities like swimming, MLA Kitchen, sports, and other activities which may be capacity controlled. By tapping in with MLA staff they immediately find their registration and are granted access to the activity. Students can earn points for the activities they attend which can be redeemed for MLA gadgets at the end of their stay.

When on excursion, students are assigned a coach and are only eligible to tap in for their assigned coach. Activity Leaders see real-time student check-ins on their mobile device to ensure all students are accounted for, as well as which students have

yet to arrive. The technology extends off-campus, as we continue to check in students when boarding buses for transfers and departures from excursions, making the process fast and secure.

The future is NOW - MyMLA is available in all MLA centres worldwide!

THE 21ST CENTURY CLASSROOM

Both prior to students' arrival, and at the centre itself, we offer an academic programme tailored to your students' needs, visible for families to monitor, through the use of the latest technology.

MLA Language Path

Our language courses follow an integrated language skills syllabus with specific outcomes for each level. Our teachers follow an interactive methodology designed by MLA to make learning easier, and lessons more interesting, engaging and enjoyable. MLA TASKtime e-books are available in British English or American English over five different levels. We provide an exclusive language package for our programmes:

- 20 English lessons per week
- Online placement test
- MLA TASKtime e-Books
- MLA Student Portfolio
- Digital certificate of attendance
- End of course report
- Chit Chat Club

The learning environment

In the classroom we create an atmosphere that contributes to stimulating communication and learning. Progress is commended and any mistakes considered as natural steps of learning, to increase the student's ability to improve. Our teachers establish positive relationships with the students to help them gain autonomy in learning.

Pre-arrival Test

Students take the online placement test before departure. Once they arrive at their destination, they can start learning right away. The overall result of the test reflects the pupils' levels of linguistic knowledge, and therefore determines their subsequent class arrangement. Our portal also allows for students to upload EFL certificates to confirm their level pre-departure.

MLA TASKtime e-Books

MLA language courses are based on a communicative approach to language learning, using a combination of tasks and topics in order to support and assist students when communicating. Our TASKtime e-books have been developed according to young learners' areas of interest, common topics available in language teaching and our commitment to environmental sustainability.

Task Based Learning is an innovative approach, and it can be summarized in the expression 'get it right in the end'. The initial stimulus of the task gives students the opportunity for authentic use of the English language.

NOT AN ORDINARY LANGUAGE COURSE

Just because families aren't present at the summer school doesn't mean they should be less engaged or aware of the classroom and students' progress.

MLA e-board

MLA provides teachers with access to the MLA e-Board which includes, among other features, the electronic register designed specifically by and for our academic department. The MLA e-Board allows the registration of the students' attendance records, the topics covered during the lessons, the teaching aids used, and the monitoring of individual students' progress. This evaluation is intended to highlight the strengths of each individual learner.

MLA Student Portfolio

At the end of the programme the portfolio is sent to the agents electronically. This contains work and tasks completed in lessons, students' progress marks and suggestions on how to continue studying after the course is completed, based on areas of weakness noted during the lessons. The certificate, with a day-by-day record of work and a full comprehensive report, is awarded at the end of the course.

MLA Chit Chat Club

These are areas available to MLA students where they can meet our team and continue listening/comprehension/speaking activities in a natural environment. This approach allows students to practise language through continuous contact with native speakers.

Recognised examinations

In some of our summer centres, for an additional charge, we can provide exam courses and tests such as Trinity GESE (Graded Examination in Spoken English). As well providing an internationally-recognised accreditation, these examinations are ideal as a motivational goal for students.

PROGRESSES GUARANTEED

MLA, backed by our accreditations, promises that our academic program will provide you with the progress you require to unlock your future.

Certifications

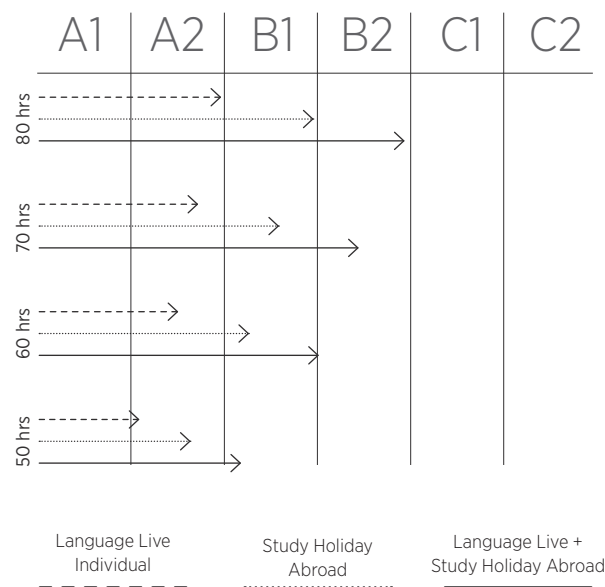

Get certified by an accredited body recognised by an academic or professional institution.

Certifications are a fundamental requirement in order to access undergraduate or Masters programs in the UK, USA, Canada and virtually all over the world.

Progress

Your results will be visible in real time in your Student Zone to check your progress.

Each day students are assessed based on two indicators: effort (commitment) and achievement (result). The assessment takes place in an environment where progress is praised and any errors are considered as natural learning steps, increasing student confidence.

Common European Framework of Reference for Language levels.

EXPERIENCE THE DIFFERENCE

MLA uses a formula to make the study vacation a balanced and engaging experience that students will remember for the rest of their lives.

What is the MLA Experience?

Each MLA Team Member is empowered to create a unique and memorable day for our students. Our programs are designed to provide the best experience of the destination chosen. MLA programs include enriching museums, thrilling attractions, and cultural excursions that include the local flavours to bring a unique experience to life.

MLA Experiences

Visiting a country also means living in and getting to know its culture, its history, and its many traditions. Our MLA Experiences highlight the best of what foreign cities and countries can offer: dances, music, food, literature, films, and many other surprises.

In each centre, there is a different MLA Experience that will allow students to discover the real atmosphere of the host country with magical moments: the Royal Family, Peter Pan, Harry Potter, Sherlock Holmes, Romeo and Juliet, Celtic Traditions, American Cowboys, Pirates of the Caribbean, Hawaiian Luau... all exclusively planned for each group!

MLA Days

Our new guide to making sure every moment of the MLA study vacation is full of memorable events. Try cooking in our MLA Kitchen, take the stage in MLA Drama, be a part of our planet in MLA Green, learn to express yourself in MLA Art, and explore new topics with MLA S.T.E.M.

MLA your all-inclusive guarantee!

MiniBreak

Where indicated, students can experience one of the acclaimed MLA MiniBreaks with a visit to a unique city and extra attractions staying overnight in university or hotel accommodation.

Hard Rock Cafe

Most MLA programmes include a meal at the world-famous Hard Rock Café, serving their legendary American fare since 1971.

Musical

In many MLA programmes you have the possibility to add a musical in one of the most famous theatres in London's West End or on Broadway in New York.

MLA Kit

Each student will receive the iconic MLA Summer Yellow backpack for use during their holiday. Each student will also receive a branded MLA key lanyard and MyMLA RFID bracelet.

MLA PROGRAMME MEANS MORE

Excursions to the coolest places with English speaking staff, transfers and entrances included

Our programmes allow groups to have more time exploring, more excursions, more fun, more services, more activities and lots of cool places to visit! The MLA programme provides several full-day and half-day excursions with entrances and transfers

included. In addition, students are accompanied by well-trained English-speaking staff during the trips to ensure greater student safety and promote practise of the English language in a real-world setting. Many MLA UK and Irish centres operate a zigzag format,

with either morning lessons and afternoon activities or morning activities and afternoon lessons. During the second week, the schedule swaps to the opposite format. See the sample timetable below. For many programmes in the United States and Canada,

where the excursion programme is rich, we use full day lessons (mornings and afternoons) to allow for more full day excursions.

MLA PREPAID CARD

Choose your favourite meal and say goodbye to packed lunches, the MLA prepaid card is here

A study holiday is about learning the language, learning about the traditions of a place, and savouring its food.

We've upgraded from the traditional packed lunches to give your students the widest choice in what they eat during excursions. On arrival, every student will receive an MLA Prepaid Card to use during their excursions.

Food is one of the fundamental aspects of cultural immersion and also one of the most difficult to adapt to. That's why we've introduced the MLA Prepaid Meal Card. So children will always be able to freely choose where and what to eat.

ENGLISH, AMERICAN & CANADIAN BREAKFAST

How about trying the English breakfast with eggs, bacon, beans and sausage? And pancakes made in the USA?

MLA PREPAID MEAL CARD

How about eating in your favourite fast-casual restaurants and cafes during excursions?

NOW YOU CAN WITH MLA COMBO MEAL

MLA Combo Meal* is included in all MLA programmes at no additional cost and will give you:

- 1 or more English/Irish/American/Canadian Breakfast
- MLA Prepaid Meal Card during excursions

* In some centres the MLA Prepaid Card could be replaced by a packed lunch.

CHOOSE YOUR ACCOMMODATION

We have selected the best facilities including exclusive, prestigious universities and boarding schools offering the highest levels of comfort and safety.

College and Campus

For those who love sharing group experiences and want to live like a true foreign student.

College life offers a fun environment, promoting group life, and encouraging communication with students from other countries. Colleges are selected from the most famous universities and exclusive 'boarding schools' in the country. Facilities are, for the most part, surrounded by greenery and located in residential areas. Activities take place within the campus, allowing maximum security and comfort.

University Residence

Ideal accommodation for those who want to live the big city life and explore it far and wide.

A university residence is particularly suitable for students who love big cities and want to live an urban life. The main difference between colleges and university residences is that classrooms, sports facilities and the canteen are usually placed outside the complex. This allows students to regularly leave the main building to take advantage of all the activities offered in our programme, making the summer experience more independent.

Homestay Accommodation

Homestays give you the chance to have a full immersion in the local culture.

Families are carefully selected by the schools abroad, ensuring their requirements of morality and suitability to host foreign students. Some are located near the school, others in residential areas about 30/50 minutes away by public transport. Families may consist of just one person and can accommodate more students. Host family details are provided before departure.

Hotel

Hotels can be considered as a valid alternative to colleges or university residences.

In some countries, such as Italy, there are no facilities such as colleges, campuses or university residences. For the accommodation, therefore, three- or four-star hotels are used. The facilities we choose are particularly suitable for the needs of the student on a study holiday.

The background image shows a street scene in London. On the left, the Elizabeth Tower (Big Ben) is visible against a blue sky with scattered white clouds. To the right, a Gothic-style building with a tall, pointed spire is partially visible. In the foreground, a group of people is walking on a sidewalk, and a road with a white line is visible at the bottom.

United Kingdom Ireland & Italy

Its central role in the history of humanity has always made **Great Britain** a destination full of charm. It is made up of three nations: England, Scotland and Wales, which, albeit with their own peculiarities, are united by that British Style that makes its people unique and united.

Ireland is the island of many landscapes: long sandy beaches, towering long cliffs overlooking the sea, gentle rolling hills, but also large modern cities full of excitement.

Italy is a land full of history and culture, famous for its amazing food and breath-taking landscapes, and because it was home to so many great artists and writers, such as Michelangelo and Dante Alighieri.

The background of the entire page is a photograph of a large cruise ship sailing on the ocean. The ship is white with a yellow deck and is seen from a high angle, moving towards the left. The ocean is a deep blue, and the sky is a mix of light blue and orange, suggesting a sunset or sunrise. The ship's funnel and upper decks are visible on the left side of the frame.

English Onboard

Climb aboard the beautiful **MSC Cruises** ships and take part in the coolest study holiday ever. English Onboard is a fantastic opportunity to learn and practise the English language during an eight-day cruise in what we can call a real safety bubble.

An innovative product in an extremely safe environment, where the official language is English, controlled and student-friendly with countless advantages that only a cruise ship can offer.

With English Onboard you will experience an unforgettable week in which classroom lessons will alternate with an exciting program of activities and excursions.

Are you ready to raise anchor? Welcome Onboard!

USA/Canada

Land of opportunities, of great medical and scientific discoveries and of musical and artistic trends, the **USA** represents the place to realize one's ambitions. Americans are a welcoming and hospitable people who have made multi-ethnicity one of their strengths. The USA is a huge country with fifty states, each one with its own identity.

Canada is an immense country that extends from the Atlantic Ocean to the Pacific Ocean, and from the United States to the Arctic Ocean. The unspoiled nature and the variety of landscapes attracts tourists from all over the world. Alongside the English-speaking majority, the Canadian government has protected the French-speaking part, with the result of contributing to the birth of a multicultural and bilingual country.

2 WEEKS SAMPLE PROGRAMME / Longer programmes upon request.

Year-Round Centres UK

The spirit of summer all year-round.

Our year-round language courses offer one-/two-/three-week junior programmes during the school year.

These are often in boarding schools giving international students a unique opportunity to experience studying and living as private boarding students in the UK.

We understand that every group has different requirements. With this in mind, we can prepare your mini-stay programme to suit your students' needs while making sure to meet our high standards and your budget.
