

English-Language Immersion

5-weeks June 29 - August 3, 2024
Rising Grades 7-8 or **Rising Grades 9-12**
Boarding Only

For international students who want to improve their English skills and immerse themselves in American culture. Classes are available for all levels, from beginners to advanced speakers, with three hours of instruction each day.

Our experienced ELI teachers provide personal attention in small classes. You'll find an array of opportunities for growth. You'll build skills in listening, speaking, reading, and writing, through group discussions, collaborative skits, role-playing, and presentations. You'll read novels, write essays, give oral presentations in English, research American culture, and interact with students from all over the world.

Elevate your academic journey and embrace self-discovery on our picturesque New England campus. Join us for an unforgettable experience with dedicated and supportive faculty, smaller classes, and a century-long tradition of proven success.

Whether boarding or day, ignite your passion, build lifelong skills, explore new passions, prepare to thrive at college or boarding school, and create lasting memories and friendships. The NMH Summer environment fosters growth, exploration, confidence, wellbeing, belonging and fun!
