Time to Shine

Unmasking the Mind: A Psychological Experiment

How do psychologists unravel the mysteries of the human mind? In this engaging 10-hour project, Foundation in Psychology and Human Behaviour students will design and conduct a psychological experiment. They will explore a specific aspect of human behaviour, collect data, and analyse their findings.

This immersive project allows students to put their newly acquired knowledge into practice, providing insights into the world of psychological research.

What You'll Learn

- ✔ Gain insights into the foundations of psychology and the intricacies of human behaviour.
- ✔ Explore various psychological theories and their real-world applications.
- ✔ Design and execute a psychological experiment, collecting and analyzing data.
- ✔ Develop essential 21st-century skills, including critical thinking, effective communication, collaboration, and creativity, through engaging activities and practical exercises.

Electives

Expand your horizons this summer with our carefully curated elective modules. Designed to complement your core subjects and "Time to Shine" projects, these courses offer a deeper dive into unique areas of interest.

Each week, enrich your summer school experience by opting for an elective that aligns with your interests.

Global Citizens

Understand global responsibility, civic participation, and the value of cultural diversity, and really discover the essence of being a good global citizen. Learn about environmental sustainability, dive into civic engagement, and gain insights into inter-cultural awareness.

Young Leaders

Explore foundational leadership skills, from collaboration to building resilience, and uncover the traits of effective leadership. Work on team-building, establish your personal brand, and develop emotional intelligence.

Future Innovators

Navigate the world of modern technology. Experience robotics and web programming, by delving into the basics of coding and AI, while enhancing your critical thinking and problem-solving abilities.

Compelling Speakers

Focus on developing your public speaking skills, engage in the art of effective debating, and master conflict negotiation techniques, all the while refining your communication prowess.

Book your place

A booking can be made online on our website summerboardingcourses.com

Course places are limited so we recommend booking early. If you are booking on behalf of a family, please let us know at the time of booking.
