## WELCOME TO SAMIAD SUMMER SCHOOL 2026

### This year marks an exciting evolution for Samiad.

We have reimagined our offering into a clear pathway of experiences, ensuring that every student can access a programme that is tailored to their age, stage, and ambitions. From first steps into independence, through immersive summer school adventures, to preparation and edge courses for young adults, Samiad now provides a journey that grows with your child.

We are also proud to be revolutionising the way summer schools are delivered. With the launch of our story-based interactive programmes, students don't just attend lessons - they step into the story, take on challenges, and control the outcome of their summer.

This innovation ensures that learning is engaging, practical, and unforgettable.

### At the same time, we continue to deliver what Samiad is famous for:

- **Unique excursions** - from glamping at Warwick Castle to behind-the-scenes West End theatre workshops.
- **Unparalleled activities and entertainment** - specialist academies, varied evening events, and experiences that students love.

- **Prestigious campuses** - our partnerships with the UK's top boarding schools, including Eton College, Marlborough College, Bromsgrove School, and others.

- **The best service in the industry** - with our outstanding welfare, 1:6 staff-to-student ratio, and the family feel that makes Samiad unique.

**We look forward to welcoming your child into the Samiad family this summer.**

**Alex Hopkins & Phil Taylor**  
**Founders, Samiad**

# CAMP SAMIAD

FOR CHILDREN AGED 6 - 11

FOCUSING ON FUN  
AND CONFIDENCE

## ABOUT CAMP SAMIAD

### The perfect first adventure away from home.

Camp Samiad is specially designed for our youngest students (ages 6–11), giving them the chance to take their first steps into independence in a **safe, caring, and inspiring environment**.

For many children, this is their very first summer away from home - and we make sure it's a **positive, exciting experience** they'll never forget.

At Camp Samiad, children build confidence, make friends from around the world, and explore new adventures - all while developing their English through fun, **practical lessons**. Our programmes balance learning, play, and care, creating an experience that is as rewarding as it is enjoyable.

### OUR AIMS

Every child at Camp Samiad can expect to:

- Learn English in practical, interactive lessons designed for young learners.
- Grow in confidence and independence in a supportive environment.
- Make international friendships and discover new cultures.
- Enjoy adventure every day through activities, excursions, and camp traditions.

**Samiad Summer School** is the heart of our journey, where children learn, explore, and thrive like never before.

**Camp  
Samiad**

**Samiad  
Summer School**

**Samiad  
NxtGen**

Big adventures begin here - in a safe, international, and inspiring environment built for young learners.

# WHY CAMP SAMIAD?

## The safest, most supportive first step into a world of adventure.

Choosing Camp Samiad means choosing more than just a summer camp. It's choosing a place where children are cared for like family, where international friendships are made every day, and where every excursion and activity is designed to create unforgettable memories.

### WELFARE & SUPPORT

For many children, this is their first time away from home. That's why welfare comes first at Camp Samiad.

24/7

#### 24/7 Pastoral Care

Staff live on campus and are always available.

#### 1:6 Staff-to-Student Ratio

Industry leading.

#### Specialist Welfare Teams

Trained to keep children safe, settled, and happy.

#### Clear routines

Structure and consistency to help younger children thrive.

### INTERNATIONAL FRIENDSHIPS

Every summer, children from over 60 countries join Camp Samiad. English becomes the shared language, friendships grow across borders, and cultural discovery is part of everyday life.

**Use English naturally with international classmates.**

**Build friendships that last long after summer.**

### EXCURSIONS & TRIPS

Our excursions are more than outings - they're curated experiences that bring learning and adventure together.

- **Exclusive overnight trip** - Step back in time with our magical overnight stay at Warwick Castle
- **Theme parks** - Get the adrenalin pumping
- **Historic sites** - Visit some of the most famous towns and landmarks

### ACTIVITIES & EVENINGS

Every day brings new adventures, tailored for young learners.

- **Sports & Games** – football, swimming, basketball, and more.
  - **Creative Arts** – drama, painting, crafts, and music.
  - **STEM Fun** – experiments, puzzles, and problem-solving.
  - **Evening events** – talent shows, team games, quiz nights.
- and much more...**

**From morning lessons to evening fun, every moment is designed for learning, laughter, and discovery.**

A SNAPSHOT OF A  
LESSON IN CAMP SAMIAD

## ENGLISH THE SAMIAD WAY

### Practical, creative, and designed for young learners.

At Camp Samiad, learning English is a journey full of discovery. Our carefully designed programme is tailored across three levels, helping every child progress with confidence in a supportive and inspiring environment.

### OUR APPROACH

- **Clear learning objectives** – every lesson is structured to develop vocabulary, grammar, and communication.
- **Practical and hands-on** – children learn through games, projects, challenges, and creative tasks.
- **Immersive environment** – English is practised not only in the classroom but throughout camp life.
- **Confidence through collaboration** – group activities build teamwork, critical thinking, and self-expression.

### WHAT MAKES IT DIFFERENT?

- **Inspired by classic British stories**, bringing language to life through characters and themes children already love.
- **Focus on speaking and interaction** – every child uses English actively, not just passively.
- **Blends classroom learning with outdoor challenges**, making lessons fun, memorable, and effective.

**At Camp Samiad, English is not just taught - it is lived and experienced every day.**

### QUICK FACTS

- **Lessons per week: 15 hours**
- **Levels: Beginner to advanced**
- **Class size: Average 15 students per class**

### EXAMPLE LESSON – CHARLIE AND THE CHOCOLATE FACTORY Fun, imagination, and practical English in action.

In one lesson, pupils step into the magical world of Charlie and the Chocolate Factory:

- **Discovering vocabulary** – students explore new words through games and lively discussions.
- **Scavenger hunt** – children search around the grounds to use their new vocabulary in real contexts.
- **Comparatives and superlatives** – “faster, slower, the best” – practised through extracts, character discussions, and the famous chocolate river boat ride.
- **Creative design challenge** – pupils invent a new vehicle for Mr Wonka, then present and debate their imaginative ideas with classmates.

### LEARNING OUTCOMES

By the end of the lesson, pupils will have:

- **Broadened their vocabulary in fun, practical ways.**
- **Practised comparatives and superlatives with confidence.**
- **Developed creativity, teamwork, and critical thinking.**
- **Experienced English through story, imagination, and real-life activities.**

**Every lesson at Camp Samiad blends language learning with creativity, ensuring children grow in confidence while having fun.**

### THE END GOAL

Children leave Camp Samiad with improved English, greater confidence, growing independence, and lasting friendships. Parents notice progress in communication and social skills; students experience an unforgettable adventure that inspires a lifelong love of learning.

# SAMIAD SUMMER SCHOOL

FOR CHILDREN AGED 11 - 17

FOCUSING ON  
CHALLENGE &  
CURIOSITY

## ABOUT SAMIAD SUMMER SCHOOL

**Samiad Summer School, loved by over 10,000 students, is back and more exciting than ever.**

Created for students aged 11 – 17, it offers the perfect balance of academic progress, tailored afternoon specialisms, and unforgettable adventures. It's where students take the next step towards independence, discover their passions, and make friends for life.

### At Samiad Summer School, every student benefits from:

- Developing fluency and confidence in English through a practical curriculum set in the heart of the U.K
- Revolutionary story-themed missions - the most interactive and engaging summer school courses in the UK.
- A choice of award-nominated afternoon specialisms.
- Unforgettable excursions - including unique overnight trips that bring the adventure to life.

### OUR AIMS

Students at Samiad Summer School can expect to:

- Advance their English through creative, practical, and collaborative learning.
- Make global friendships with students from over 80 nationalities.
- Grow in independence with structured support and 24/7 care.
- Explore passions with a choice of 10 specialism programmes.
- Experience innovation through our unique story-based missions.
- Enjoy adventure with day trips, overnight excursions, and camp traditions.

**Samiad Summer School** is the heart of our journey, where children learn, explore, and thrive like never before.

# WHY SAMIAD SUMMER SCHOOL?

## Innovation, adventure, and friendships.

Samiad Summer School is not just another summer programme - it's a unique blend of academic progress, immersive experiences, and outstanding care. Our students don't just learn English; they live it every day, surrounded by friends from all over the world and supported by one of the best staff-to-student ratios in the industry.

### This is what makes Samiad Summer School different:

#### 80+ NATIONALITIES

Students from across the globe form lasting friendships and experience true cultural diversity.

#### 5 PRESTIGIOUS CAMPUSES

Held in leading UK boarding schools with state-of-the-art classrooms, theatres, sports facilities, and acres of green space.

1:6

#### 1:6 STAFF-TO-STUDENT RATIO

Every child receives individual care, encouragement, and guidance in a safe and structured environment.

## WORLD'S FIRST...

### REVOLUTIONARY INTERACTIVE STORY THEMED CURRICULUM

Interactive missions where English, STEM and Leadership are learned through adventure. From Mission: Zombie Outbreak to Mission: Mars, students apply skills in creative, real-world scenarios.

#### 15 HOURS OF ENGLISH OR STEM OR LEADERSHIP A WEEK

A choice of 3 fantastic options enables students to specialise in what drives them

#### 11 SPECIALISMS

From **PSG Football** and **Horse Riding** to **Multi-Activity and more**, students choose an academy that matches their passion.

ENGLAND

#### 24-HOUR SUPERVISION

Staff live on campus, providing round-the-clock support, structure, and reassurance.

#### UNIQUE OVERNIGHT EXCURSIONS

The only summer school offering overnight trips - glamping at Warwick Castle, behind-the-scenes London experiences, and more unforgettable adventures.

## THE MOST INNOVATIVE SUMMER SCHOOL

**For 2026, Samiad is proud to launch the world's first interactive curriculum - a ground-breaking way to make every lesson interactive, engaging, and unforgettable.**

Instead of traditional classes, students become part of a story that runs across the entire camp. Whether they choose English, STEM, or Leadership, their work feeds directly into the outcome of the mission. Rival colonies compete for points, and every project, debate, and decision shapes the final result.

**This is not a game - it's a revolutionary learning framework that keeps students engaged, speaking English, and building real skills every day.**

### WHAT MAKES SAMIAD DIFFERENT

- **Immersive & engaging** - students are placed inside a mission, not just a classroom.
- **Project-based learning** – every session produces something tangible, from broadcasts to debates to prototypes.
- **Motivation through competition** – rival teams earn survival points, keeping energy and excitement high.
- **Real-world skills** – critical thinking, problem-solving, communication, and leadership.
- **Teamwork across cultures** – collaboration with students from 80+ nationalities.
- **First of its kind** – a world-exclusive Samiad innovation in summer education.

# MISSION: MARS

THE ULTIMATE ROLE-PLAYING ENGLISH PROGRAMME

## The first human team on Mars - survival depends on you.

Humanity has landed on Mars. But life on the Red Planet is dangerous: storms threaten habitats and resources are scarce. Meanwhile, Earth is losing faith. Students join rival colonies where every English, STEM, and Leadership lesson becomes a survival task - from designing shelters to broadcasting news back to Earth.

### What Students Can Expect

**Survival on the Red Planet through your chosen subject track**

**Immersive story:** every lesson contributes to the team's future.

**Competition:** rival colonies earn survival points for creativity and teamwork.

**Collaboration:** working with peers from 80+ nations.

### By subject:

**English** - Media Teams create broadcasts to reassure Earth and inspire new recruits.

**STEM** - Engineers design habitats, survival systems, and problem-solve technical challenges.

**Leadership** - Team leaders plan strategies, negotiate resources, and make critical decisions.

**Outcome:** Students become innovators and communicators, with skills that link directly to their chosen subject.

The world's first  
fully immersive  
summer school  
missions

# MISSION: OUTBREAK

LEADERSHIP UNDER PRESSURE. COMMUNICATION FOR SURVIVAL.

## Humanity on the brink - only leadership and collaboration can save you.

A global outbreak has thrown society into chaos. Cities are unsafe, resources are limited, and trust is hard to win. Students form survivor colonies, competing to secure safe zones, manage supplies, and persuade others to join them. Every lesson brings new twists, debates, and challenges. Only the most resilient teams will survive.

### What Students Can Expect

**Rebuilding society after a global outbreak through your chosen subject track**

**Immersive story:** every lesson contributes to your team's survival.

**Competition:** teams compete for resources, safety, and influence.

**Collaboration:** alliances and negotiations across international groups.

### By subject:

**English** - Media Teams report survival news and persuade others that their team is the safest.

**STEM** - Scientists and engineers solve practical challenges like supply chains and defences.

**Leadership** - Politicians and strategists manage scarce resources, form alliances, and inspire trust.

**Outcome:** Students become decision-makers and persuaders, with confidence in communication, leadership, and critical thinking

The world's first  
fully immersive  
summer school  
missions

# ENGLISH AT SAMIAD

## The world’s first fully story-driven English programme

At Samiad, English is not taught in isolation - it’s lived through our interactive missions, our campus-wide theme. From day one, students step into the role of the Media team. Every lesson, activity, and project builds the story: communication, exploration, and survival.

This is not a gimmick. It is a carefully designed, interactive curriculum where every role-play, debate, and media project has a clear linguistic outcome. Students are constantly speaking, listening, reading, and writing - but in a context that makes it meaningful, exciting, and unforgettable.

### KEY FACTS

- Native English-speaking teachers – qualified young-learner specialists.
- 15 hours per week.

## WHY OUR INTERACTIVE LESSONS ARE SO EFFECTIVE

- **Immersive Storytelling** – one camp-wide mission on Mars.
- **The Media Team** – students create broadcasts, campaigns, and reports.
- **Challenge-Led** – rival teams compete, driving engagement.
- **Real English** – guided by native-speaking teachers

**The result: constant interaction, authentic communication, and rapid progress in confidence and fluency.**

- **Small classes** – average of 15 students.
- **4 levels of English** – from beginner to advanced.
- **Samiad English Certificate awarded to every student.**

## THE MISSION FRAMEWORK

Across two weeks, students live the challenges of building the first human team on Mars. Each day builds the story:

- **Briefings:** Teachers set the survival or communication challenges.
- **Teamwork:** Students collaborate in “colonies,” using English to solve problems.
- **Media Projects:** The Media Team documents progress through reports, campaigns, and broadcasts.
- **Showtime:** Teams present outcomes - competing to win trust, resources, and survival.

## SNAPSHOT LESSON: NEWS BROADCAST CHALLENGE

### The Story

Public support for the Mars mission is fading back on Earth. Each team must broadcast a news report to reassure the public and inspire recruits.

### THE ACTIVITY

- **Teams take on roles:** anchor, field reporter, editor, camera crew.
- **They write scripts, film segments,** and edit a short news piece.
- **Reports are “streamed to Earth”** (the rest of the camp), who vote for the most persuasive team.

## WHAT STUDENTS ARE REALLY LEARNING

- **Speaking & Listening** – presenting and responding under pressure.
- **Reading** – analysing mission updates and data.
- **Writing** – scripting news copy, captions, and reports.
- **Collaboration** – managing roles and deadlines in English.
- **Critical Thinking** – deciding what story angle will inspire Earth’s audience.
- **Confidence** – speaking in front of peers and on camera.

### THE END GOAL

Students complete a professional-style media project in English, showing clear improvements in fluency, accuracy, and teamwork. Parents see credible results; students experience an unforgettable adventure.

A SNAPSHOT OF A  
UNIQUE LEARNING JOURNEY

## STEM AT SAMIAD

### Innovation, Creativity, and Problem-Solving in Action

At Samiad, STEM isn't about memorising equations or reading from a textbook. It's about practical challenges that place students in the roles of scientists, engineers, and innovators.

Through our interactive, story-driven missions, students face real-world survival scenarios: how to build habitats, generate energy, and keep a team alive. Every task is designed to spark imagination while developing real-world STEM and communication skills.

### WHY OUR INTERACTIVE LESSONS ARE SO EFFECTIVE

- **Hands-On Projects** – design, build, and test ideas
- **Challenge-Led** – rival colonies compete
- **Cross-Curricular** – engineering, tech, maths, and science
- **English Embedded** – present and justify in English

**The result: problem-solving, innovation, and communication skills that last beyond the summer.**

### KEY FACTS

- **Specialist STEM tutors with practical teaching experience.**
- **15 hours per week of STEM-based sessions linked to English learning.**

- **Small teams – encouraging leadership and collaboration.**
- **Team competitions – projects judged on creativity, practicality, and communication.**

### THE MISSION FRAMEWORK

Across two weeks, students tackle a sequence of STEM survival challenges, all tied to the team's success. Each challenge involves:

- **Design & Build** – hands-on creation of models, prototypes, or experiments.
- **Testing** – trialling ideas and refining solutions.
- **Presentation** – pitching to peers and staff in English.
- **Competition** – colonies compete for limited "resources" to keep their mission alive.

### SNAPSHOT LESSON: HABITAT DESIGN CHALLENGE

#### The Story

A deadly dust storm is approaching. Colonies must design a safe and sustainable habitat to protect their crew and ensure long-term survival on Mars.

### THE ACTIVITY

- **Teams sketch and construct prototype** shelters using limited materials.
- **They calculate resource use** (oxygen, food, water) and factor sustainability.
- **Each group presents their design** to the "Mission Council" (teachers and peers).
- **Colonies compete** for survival points based on practicality, creativity, and persuasiveness.

### WHAT STUDENTS ARE REALLY LEARNING

- **Science** – forces, materials, energy, sustainability.
- **Maths** – measurements, resource calculations, problem-solving.
- **Engineering** – designing, building, and testing prototypes.
- **Collaboration** – managing roles and working in diverse teams.
- **English in Action** – pitching ideas, answering questions, persuading an audience.
- **Innovation & Resilience** – adapting when ideas don't work first time.

### THE END GOAL

By the end of the lesson, students have created a tangible product, explained it in English, and experienced the thrill of solving problems as a team - with measurable gains in STEM knowledge and communication confidence.

Parents see real STEM learning in action. Students see themselves as innovators shaping humanity's future on Mars.

**SNAPSHOT – INSIDE A  
LEADERSHIP LESSON AT SAMIAD**

# LEADERSHIP PROGRAMME AT SAMIAD

## Inspiring the leaders of tomorrow

At Samiad, leadership is more than guiding a team through a challenge. It's about developing the communication, business, and decision-making skills that prepare young people to succeed in school, careers, and life. Our interactive story-lead framework gives students an unforgettable experience - but beneath the story is a serious introduction to business leadership principles. Students step into roles as strategists, negotiators, and communicators, using English to plan, persuade, and inspire.

### KEY FACTS

- **Specialist leadership tutors in communication, business, and critical thinking.**
- **15 hours per week of interactive leadership workshops.**

## WHY OUR INTERACTIVE LESSONS ARE SO EFFECTIVE

- **Engaging Storytelling** – a survival narrative keeps motivation high.
- **Challenge-Led** – every decision shapes outcomes, just like in business.
- **Business Principles** – students practise economics, resource planning, marketing, and politics in a live scenario.
- **Leadership Skills** – public speaking, negotiation, and crisis management.
- **English in Context** – all communication and strategy delivered in English.

**The result: a safe, exciting introduction to business leadership through immersive, practical learning.**

- **Small groups** – ensuring every student has a leadership role.
- **Team competitions judged on strategy, creativity, and clarity.**

## THE MISSION FRAMEWORK

Across two weeks, students rotate through business-style leadership challenges:

- **Economics** – budgeting supplies, resource allocation, and trade.
- **Politics** – negotiating alliances and voting on collective decisions.
- **Marketing** – persuading other colonies to support their strategies.
- **Crisis Management** – adapting to sudden mission twists under pressure.

## SNAPSHOT LESSON: SAFE ZONE STRATEGY BRIEFING

### The Story

With resources dwindling, colonies must identify a safe zone, allocate budgets, and persuade others to follow their plan. Success depends on effective leadership and strong communication.

## THE ACTIVITY

- **Teams analyse maps,** mission updates, and limited supplies.
- **Leaders assign roles:** strategist, negotiator, communicator, economist.
- **Groups draft survival budgets** and create campaign posters or speeches to promote their plan.
- **Each team presents a briefing** to the Mission Council, then debates with rival colonies.

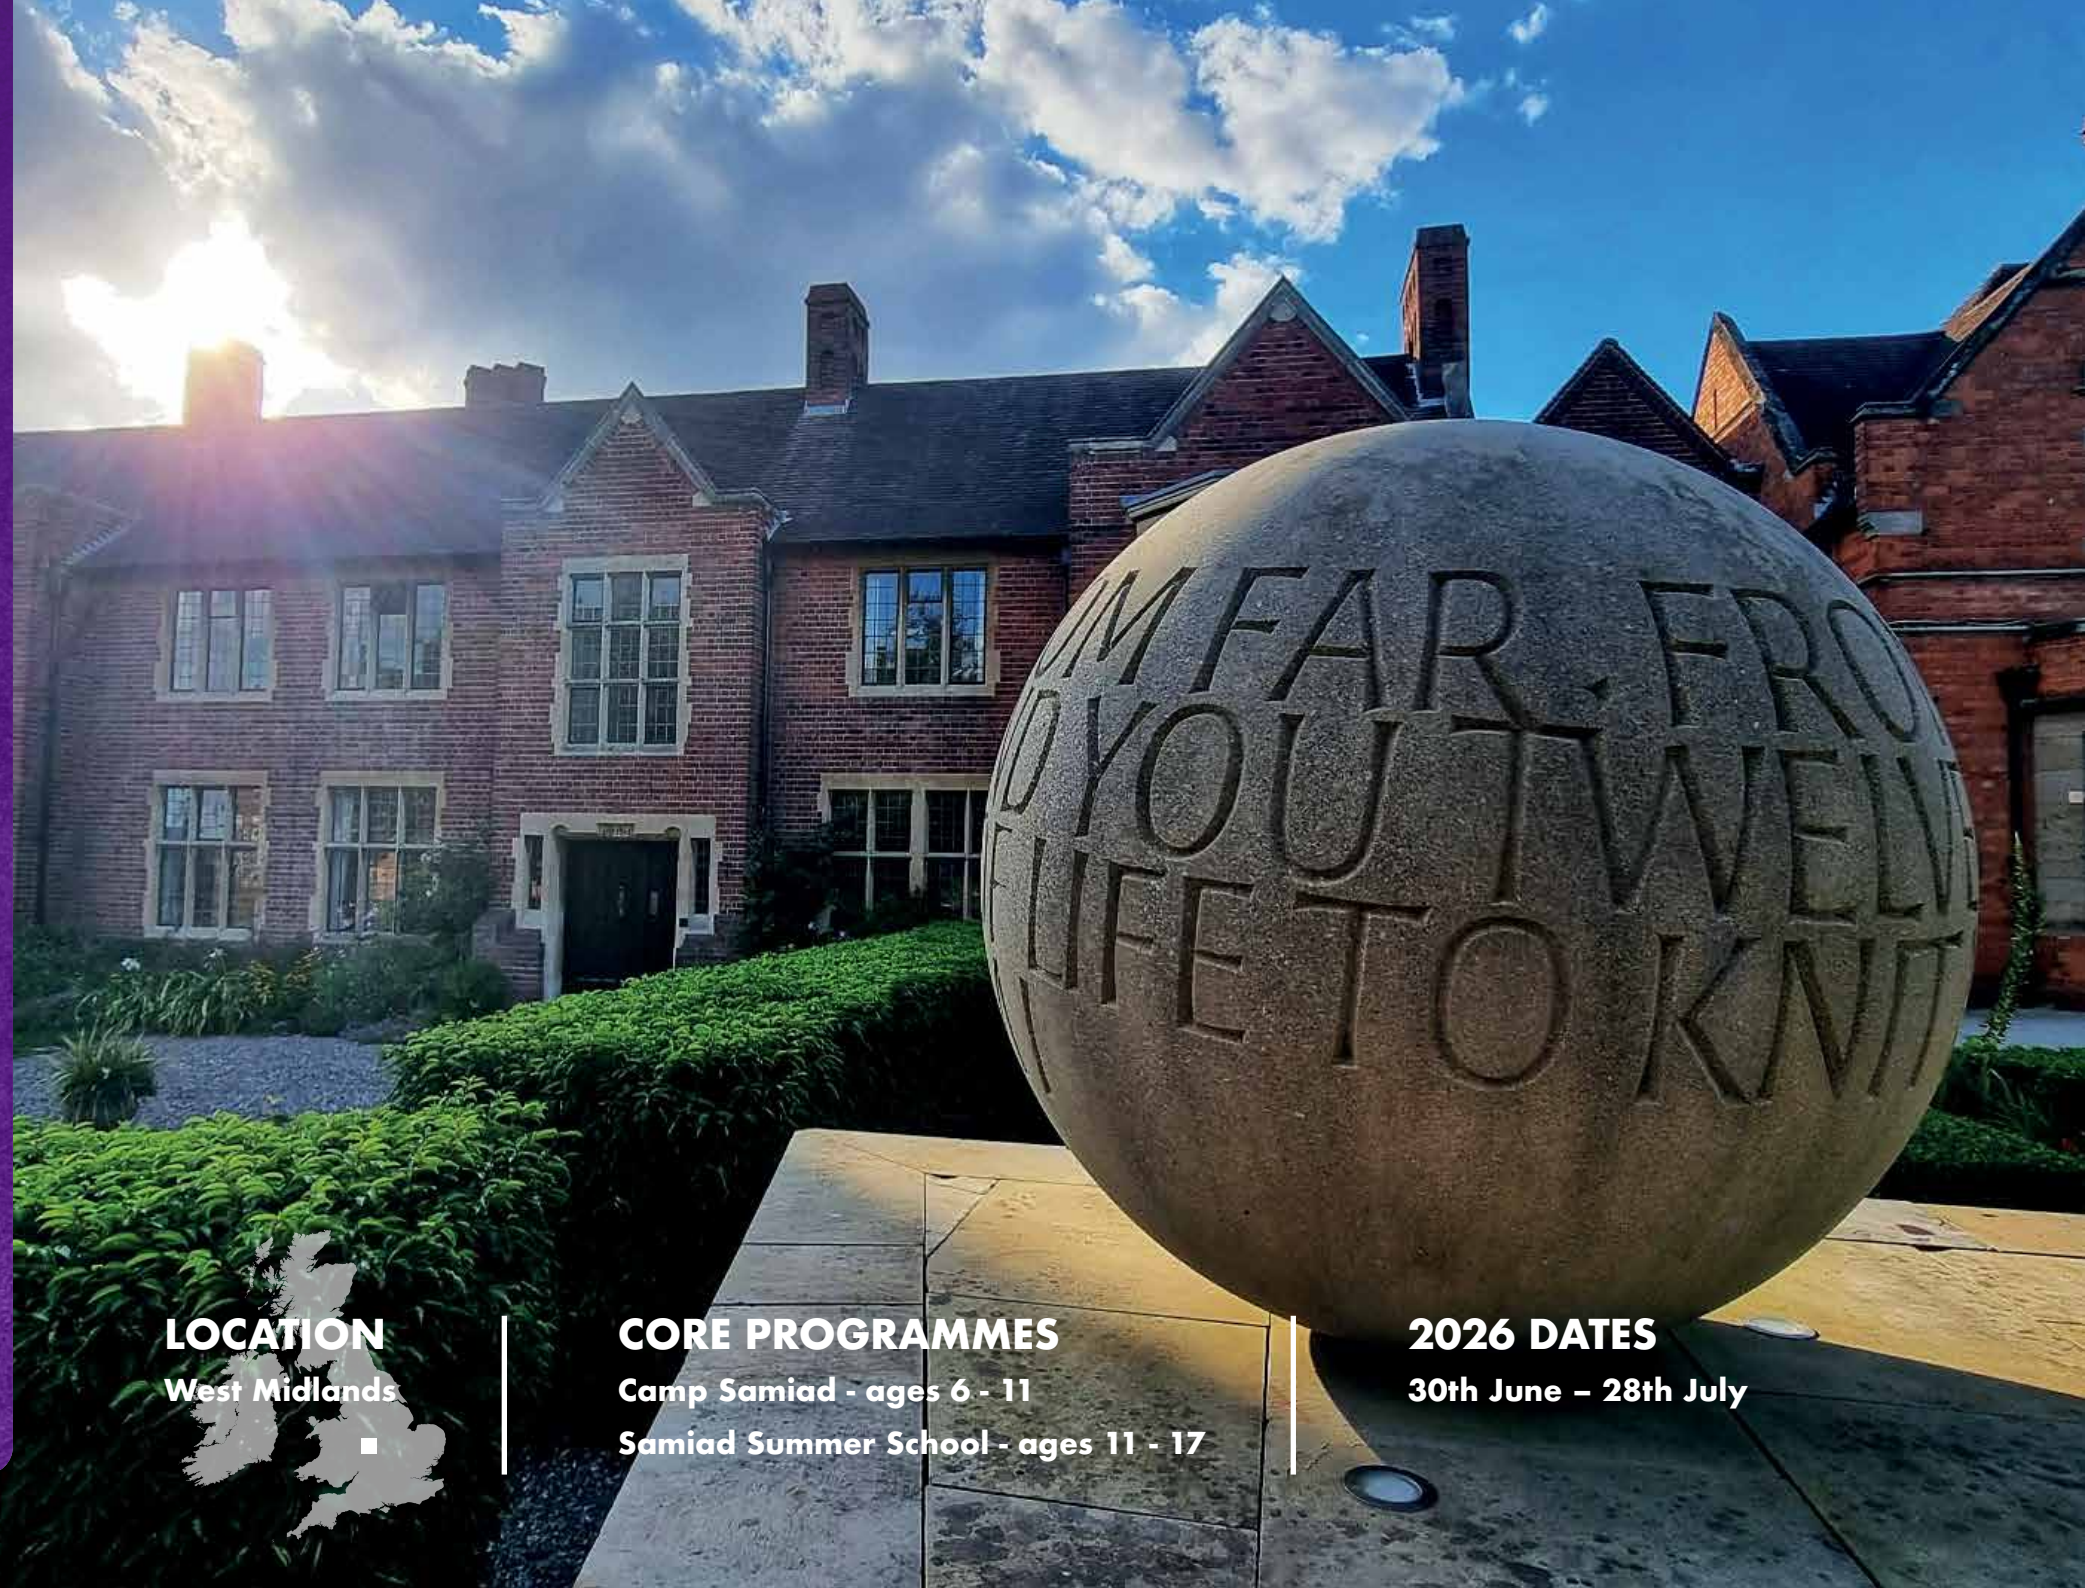

## WHAT STUDENTS ARE REALLY LEARNING

- **Critical Thinking & Strategy** – plan for short- and long-term success
- **Economics & Resource Planning** – budget, trade, and manage resources
- **Politics & Negotiation** – form alliances, debate, and vote
- **Marketing & Communication** – create persuasive campaigns and pitches
- **Public Speaking** – present confidently to peers and staff
- **Resilience & Adaptability** – adjust when challenges change

## THE END GOAL

By the end of the mission, students will have delivered strategies, negotiated deals, created campaigns, and presented in English - all within a framework that introduces the essentials of business leadership. Parents see their children gaining transferable business and life skills. Students see themselves as decision-makers, influencers, and leaders.

**Multi Activity**

**Horse Riding**

**Tennis**

**Intensive English**

# SAMIAD NXTGEN

FOR CHILDREN AGED 14 - 18

FOCUSING ON  
LEADERSHIP &  
PREPARATION

## ABOUT SAMIAD NXTGEN

### Get the Edge with Samiad NxtGen.

Samiad NxtGen is designed for ambitious students aged 14–18, offering future-focused programmes that provide the skills, confidence, and global perspective needed to stand out at university, in careers, and in life.

Building on the confidence and independence developed in Camp Samiad and Samiad Summer School, NxtGen represents the final stage of the Samiad journey. Here, students move beyond language learning into aspiration and preparation: academic skills, leadership, and the practical experiences that will give them a competitive advantage.

### What Makes NxtGen Different:

- Focused on outcomes – programmes are designed with university and career preparation in mind.
- Truly international – study alongside ambitious students from around the world.
- Expert teaching faculty – a mix of academic specialists and industry professionals.
- Prestigious UK campus – inspirational settings that reflect the seriousness of the programme.
- Innovative formats – missions, projects, and interactive sessions, not just lectures.

### OUR AIMS

Students at Samiad NxtGen can expect to:

- Prepare for university with academic writing, debate, and presentation skills.
- Engage with global issues through programmes in politics, sustainability, and international relations.
- Gain business insight with our Mini MBA in leadership, entrepreneurship, and economics.
- Develop future skills in AI, innovation, and digital communication.
- Stand out from their peers by gaining “The Edge” - confidence, networks, and practical experience.

NxtGen is where students turn ambition into action - and prepare for the opportunities that lie ahead.

# WHY NXTGEN?

## The skills to stand out in the 21st century

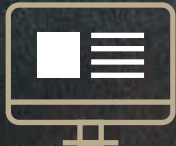

Grades open doors - but it's future skills that help students walk through them. NxtGen is a two-week programme designed for ambitious teenagers who want to prepare for the world ahead. Combining digital fluency, creativity, global citizenship, and communication, it gives students the skills and confidence to stand out at university, in their careers, and in life.

**It's the perfect mix: cool, modern, and engaging for students - with clear outcomes that parents can trust.**

**21ST-CENTURY SKILLS** – a future-focused curriculum built around innovation, communication, and adaptability.

**PRACTICAL PROJECTS** – every session produces work students can showcase, from media campaigns to Model UN debates.

**GLOBAL PERSPECTIVE** – study alongside students from 80+ nationalities, tackling real-world issues.

**THE EDGE OUTCOMES** – clear, measurable skills that universities and employers value most.

## WHO IS IT FOR?

The NxtGen programme is designed for:

- **Ambitious students aged 14–18** preparing for university and careers.
- **International learners** keen to practise English in practical, interactive ways.
- **Confident communicators** - or those who want to build their confidence in speaking, debating, and presenting.
- **Creative and curious thinkers** who enjoy exploring technology, innovation, and global issues.
- **Students seeking The Edge** - something distinctive on their CVs and university applications.

# THE SAMIAD NXTGEN PROGRAMME

- Why choose NxtGen for your child?**
- **A future-focused curriculum** designed to build skills for university and careers.
  - **Suitable for ambitious 14–18-year-olds** seeking more than language learning.
  - **A balance** of expert teaching and practical, hands-on learning.
  - **A safe, international community** fostering global awareness and friendships.
  - **Delivered on prestigious UK campuses** with high-quality facilities.

NxtGen equips 14–17-year-olds with practical skills for the future. Students tackle digital innovation, global issues, leadership, and communication through projects, debates, and hands-on challenges — gaining confidence, teamwork, and critical thinking along the way.

**Clear outcomes: greater confidence, adaptability, leadership maturity, and digital literacy**

**The Structure**  
The NxtGen programme is split into interactive workshops, team challenges, and end-of-week showcases. Students aren’t just learning - they’re creating, debating, and leading.

- WEEK 1: DIGITAL & CREATIVE FUTURES**
- **Future Technology** – AI, coding, and digital tools.
  - **Creative Innovation** – design thinking and product challenges.
  - **Media & Storytelling** – podcasts, video, campaigns.
  - **Showcase Challenge** – teams present a Digital Campaign for the Future.

- WEEK 2: GLOBAL & PERSONAL FUTURES**
- **Global Citizenship** – sustainability and international debates.
  - **Politics & Negotiation** – decision-making and alliances.
  - **Communication & Influence** – pitching, debating, public speaking.
  - **Resilience & Growth** – adaptability, self-awareness, goal setting.
  - **Showcase Challenge** – students lead a Model U.N Summit.

- SNAPSHOT LESSON: DIGITAL CAMPAIGN CHALLENGE (WEEK 1)**
- The Story**  
Teams are tasked with creating a digital campaign to promote a future technology.
- The Activity**  
Brainstorm, storyboard, and produce content (video, podcast, or visuals), then pitch the campaign.

- Learning Outcomes:**
- **Communication** – presenting and pitching ideas clearly.
  - **Creativity** – thinking innovatively and visually.
  - **Collaboration** – working in international teams.
  - **Digital Fluency** – using modern tools with confidence.

- KEY FACTS**
- **Expert tutors in communication, digital innovation, and global issues.**
  - **Portfolio work students can use for university applications.**

- SNAPSHOT LESSON: MODEL U.N SUMMIT (WEEK 2)**
- The Story**  
Students represent different countries in a global debate. The challenge: negotiate solutions to real-world issues such as climate change or AI ethics.
- The Activity**  
Research positions, deliver speeches, form alliances, and negotiate outcomes.
- Learning Outcomes:**
- **Global Communication** - communicate ideas with confidence.
  - **Innovative Problem-Solving** - create solutions through innovation.
  - **Collaborative Leadership** - collaborate effectively in teams.
  - **Future-Ready Digital Skills** - connect digitally with fluency

- **Small groups to maximise interaction and leadership opportunities.**

**LOCATION**  
Berkshire

**CORE PROGRAMMES**  
Samiad NxtGen - ages 14 - 18

**2026 DATES**  
29th June – 13th July

## ETON COLLEGE BERKSHIRE

**A VIP Summer Experience at the World's Most Famous School - an exclusive two-week summer programme for aspiring students, offering a blend of premium English language tuition and unforgettable cultural experiences in the UK.**

Hosted at Eton College, the school of Royalty, Prime Ministers and Oscar winners, this elite programme combines exciting activities and excursions in the world's most historic and exclusive boarding school.

Beyond the classroom, a carefully curated programme of excursions to iconic British landmarks, combined with Samiad's imaginative activities and events schedule, ensures a summer like no other.

Every moment at Eton is designed to inspire and create memories that will last a lifetime.

### FACILITIES

All single rooms

Shared bathrooms

Modern, well-equipped classrooms

Brand new swimming pool & sports halls

Climbing wall

Fencing salle

Tennis & squash courts

## SAMIAD EXCLUSIVE OVERNIGHT STAY! IMMERSIVE LONDON EXPERIENCE

Spend two incredible days immersed in the energy of the capital, with highlights including a ride on the iconic London Eye, a captivating sightseeing tour, and visits to some of the city's most famous landmarks.

The experience continues with a special invitation to The Samiad Ball, hosted aboard the magnificent Golden Sunrise; a 240-berth vessel sailing along the legendary River Thames. Dance the night away, enjoy games and entertainment, and take in breathtaking views of London's skyline as the sun sets. Exclusively reserved for Samiad, this promises to be a magical evening like no other.

This all-inclusive, one-of-a-kind excursion offers students the chance to experience life in our nation's capital while creating memories that will last a lifetime.

**Join us in 2026 for this extraordinary London adventure!**

## SAMIAD EXCLUSIVE OVERNIGHT STAY! WARWICK CASTLE ADVENTURE

Samiad's ultimate summer adventure takes us to the crown jewel of medieval experiences: Warwick Castle!

Step inside one of the UK's grandest and best-preserved castles, where history bursts to life in spectacular style. Spend the night in medieval-style tents that combine historic charm with modern comfort, creating the perfect setting for an unforgettable stay. By day, marvel at the mighty trebuchet - the world's largest working siege machine, cheer as knights clash in thrilling Wars of the Roses jousts, and take part in hands-on activities such as sword fighting, archery, and even braving the dungeons. As evening falls, gather in the grand banqueting hall to enjoy traditional British fare in the company of knights and princesses, delivering a feast and spectacle like no other.

**Join us in 2026 for a medieval odyssey you'll never forget!**

ACTIVITIES AND EVENTS!

There is more to Samiad that just the classroom. Our programmes offer a great variety of fun activities and events.

With specialisms offering tailored coaching and tuition in a number of sports and subjects that compliment our English Language tuition, you can build a unique experience just for you!

Afternoon Specialism Options

Each specialism provides a minimum of 12 hours of dedicated sessions every week, delivered in English by our vibrant activities team.

## ONLINE ENGLISH BY TUDOR SCHOOL

We are continuing to offer online courses through our sister company, Tudor School.

Students can choose 1-2-1 or group courses in English, maths, or science, all taught by a team of highly qualified, native English-speaking teachers. The classes are highly interactive and engaging. For Juniors and Teens, our General English courses follow the Cambridge English curriculum, providing clear progression and internationally recognised standards. We also offer specialist programmes, including a Boarding School Preparation course, a Learning to Read course for younger learners, and flexible classes for adults.

In addition, every student receives full access to the Hub, Tudor School’s online learning platform, where they can find their homework, progress reports, and resources. Students also benefit from free weekly speaking group lessons, helping them build confidence and fluency.

Whilst these courses run all year round, our summer school students enjoy a fantastic opportunity to access discounted rates for online English courses. A pre-summer course is ideal for improving English skills before arrival, while a post-summer course allows students to continue their learning journey after returning home.

### KEY FACTS:

Dates All year round

Age Range 4+ years

Summer school students booking a 2-week course receive a 15% discount

| Courses                  | Price | Summer Student Price |
|--------------------------|-------|----------------------|
| x10 Lessons (50 minutes) | £290  | £246                 |
| x20 Lessons (50 minutes) | £560  | £476                 |
| x30 Lessons (50 minutes) | £810  | £688                 |

## USEFUL INFORMATION

### Airport Shuttle Service

Samiad offers a shared transport service from Heathrow and Gatwick for all students travelling on our standard arrival and departure dates. These journeys cost £30 each way and must be within our social working hours (09:00 and 18:00 on arrival and 12:00 and 21:00 on departure).

### Private Airport Transfers

If you require private transfer to a different airport or outside of these hours then the below charges will apply.

|                     | Heathrow | Gatwick | Stansted | Birmingham | Manchester | Luton | London City |
|---------------------|----------|---------|----------|------------|------------|-------|-------------|
| Eton College        | £100     | £75     | £200     | £275       | £400       | £150  | £125        |
| Trent College       | £275     | £325    | £275     | £150       | £150       | £250  | £325        |
| RGS Surrey Hills    | £85      | £80     | £175     | £300       | £400       | £150  | £125        |
| Marlborough College | £250     | £275    | £400     | £250       | £400       | £325  | £300        |
| The Oratory School  | £125     | £175    | £200     | £200       | £350       | £150  | £175        |
| Bromsgrove School   | £250     | £300    | £300     | £125       | £250       | £250  | £275        |

### Unaccompanied Minor (UM) Service

Should parents opt in for the UM service through their airline, a designated Samiad staff member will be responsible for completing the paperwork for the student upon both arrival and departure. An additional administrative fee of £40 (each way) is charged for this service. This must be arranged in advance.

### Insurance

Samiad offers robust travel insurance and each booking will be subject to an additional £12 per week charge to opt in. Please contact us for more information on the coverage.

### Visas and Electronic Travel Authorization (ETA)

Students are responsible for arranging their own travel to the UK and ensuring they meet all legal entry requirements. Depending on your nationality, you will need either a visa or an Electronic Travel Authorization (ETA) to enter the UK. To support your application, we will provide a visa invitation letter once your deposit payment has been received.

# DAY CAMPS WITH SAMIAD

**Samiad Day Camps are becoming one of our most popular ways to experience summer with us. Available across every campus and every course, our non-residential option allows families to enjoy all the benefits of Samiad in a way that fits their own plans.**

Children join us each day from 9am to 6pm, fully immersed in the same exceptional tuition, activities, and excursions as our residential students, before returning to their families in the evening. It's the perfect balance: children spend their days inspired, supported, and engaged, while parents enjoy the freedom to travel, explore, or simply spend family time together.

This flexible approach is designed for families who want their children to have a world-class summer school experience without the need for overnight stays. Whether you are based in the UK or visiting for the summer, Day Camps make it possible to enjoy the best of Samiad on your own terms, while being part of a community that grows bigger and more vibrant each year.

## A TYPICAL DAY CAMP SCHEDULE

|                      |               |
|----------------------|---------------|
| Check-in             | 08:30 – 09:00 |
| Assembly             | 09:00         |
| English Lessons      | 09:15 – 13:00 |
| Lunch                | 13:00 – 14:00 |
| Afternoon Activities | 14:00 – 17:30 |
| Pick-up              | 17:00 – 18:00 |

# HOW TO APPLY

## Step 1

You can apply through our website at [www.samiad.com](http://www.samiad.com) or by reaching out to your usual point of contact. Complete an application form when prompted.

## Step 2

You will receive an email confirming your reservation and asking you to fully secure the space by paying a 50% payment deposit. Your reservation will be held for 14 days without payment.

## Step 3

Full fee payment will be due eight weeks prior to arrival.

## Step 4

We will be in touch to share the pre-arrival guide and ask for students' arrival and departure details, so we can organise any airport transfers if required.

## Step 5

Everything should be ready for arrival! We will send you the following information:

- Confirmation letter and receipt of payment
- Pre-arrival guide and the student handbook
- English language placement test weblink
- A provisional schedule (subject to changes)
- Airport transfer confirmation, if applicable
- Timings for any non-residential students.
