LEARN ENGLISH

In the heart of
Cornwall

I had an incredible experience from the first moment. All was fantastic: The landscapes, my schoolmates, the teachers, the host. It was like a gear wheel working perfectly. I felt a lot of peace.

ABOUT US

Skool Cornwall is...

...an English language school in St Agnes, Cornwall, a UNESCO World Heritage Site, and Area of Outstanding Natural Beauty.

We are an adult only school. We teach in small groups and limit our class sizes to 6. Our mission is to provide unique language experiences to individuals drawn to explore. We provide the conditions: fewer students, more personal attention, and a beautiful location.

We have a part to play in the issues of the day, and it is our goal to become a sustainable language school, ensuring we make a positive impact on the environment and in our society.

LEARNING, SPEAKING AND EXPERIENCING.

We encourage a practical approach to the English language. We examine grammatical issues and exceptions, but we believe in the practice of speaking English above all.

We offer unique programmes: English with Art and Culture, English with Walking, and English with Water Sports. Each morning, you'll study English in our classroom; in the afternoon, you'll experience Cornwall, all the while practising English in our beautiful setting.

listening, and writing skills.

SMALL GROUPS, BIG PROGRESS

At Skool, we focus on small groups, personal attention, and practical learning so that you can develop your English in a supportive and engaging environment.

Language doesn't always follow simple rules, and learning it isn't just about studying grammar. We take a practical approach, encouraging you to use English in real conversations and writing. We'll cover grammar and exceptions, but our focus is on helping you speak and use English naturally.

With a maximum of 6 students per class, you'll get the attention and support you need to progress. Our small classes and personalised approach mean you'll learn in a way that suits you, away from busy classrooms and large groups.

ENGLISH WITH WALKING

Walking the Cornish coast.

LEARN AND WALK WITH US

Our English with Walking course combines morning language lessons with afternoon hikes along Cornwall's stunning coastline. Walking is one of the best ways to immerse yourself in the landscape while practising English in a relaxed and natural setting.

The entire Cornish peninsular is linked by hundreds of miles of maintained coast path, which makes for some of the most striking and beautiful vistas accessible to walkers.

Each afternoon, we set out to explore the landscapes made famous by Rosamunde Pilcher, Poldark, and The Salt Path. As experienced guides and hikers, we know the best routes and hidden gems, leading walks at a comfortable pace that allows you to fully take in the surroundings. Along the way, you'll learn about the region's rich history, from tin mining to local legends, all while practicing English in a real-world context.

ENGLISH WITH ART AND CULTURE

Improve your English while
discovering Cornwall's Art and
Culture.

TIME TO EXPLORE

Learning English goes beyond the classroom. With our Arts and Culture course, you'll get the best of both worlds: Morning lessons to build your skills and afternoons spent exploring Cornwall's rich culture and history.

Cornwall is a place full of beauty, fascinating stories, and incredible art. Each afternoon, we'll take you on a journey, tailored to the weather, the season, and what the group is most interested in. Whether it's visiting historic landmarks, exploring local art galleries, or discovering hidden spots that most tourists miss, you'll be practicing English in the real world.

You'll get the chance to learn in some of the most inspiring places, making new friends and building your confidence with every step. It's the perfect way to improve your English while experiencing everything Cornwall has to offer.
